

# GATECLAW VEHICLE BARRIER

**The ultimate one way  
or bi directional surface  
mounted vehicle barrier.**

## VEHICLE ENTRY CONTROL

**GATECLAW** designed and manufactured in the UK by SAE Systems Ltd is a high quality, very heavy duty steel constructed vehicle barrier designed to handle vehicles of all sizes and volumes. **GATECLAW** is the ultimate one way or bi directional surface mounted vehicle barrier.

Manufactured to exacting standards with no compromise on build quality **GATECLAW** can be fitted as a permanent or semi-permanent vehicle barrier offering the ability to control vehicle movements through a specific road way area.

### APPLICATIONS

Ideal for lane control, car park exit lanes, garage forecourts, check points and high security entrances. **GATECLAW** can be set to prevent vehicles entering a facility in the wrong lane or via the exit lane.

### UNIQUE 3 MODE MECHANISM

**GATECLAW** is fitted with a unique bespoke locking mechanism designed by SAE Systems Ltd that allows the system to be quickly set in one of three modes:

#### LOCKING

Additional locking of the **GATECLAW** in the **FIXED UP MODE** is possible by padlocking the claws by utilising a 10mm hole present on one claw on each individual module (padlocks not supplied).

It can also be set in the **FIXED UP MODE** across roadways out of hours to prevent traffic in both directions entering or leaving a facility. It can be **FIXED DOWN** during operational hours to allow vehicles to pass in either direction if required.

THE ULTIMATE SURFACE MOUNTED SPIKED BARRIER

**GATECLAW 500**

**Dimensions:** 500mm Long x 500mm Wide x 60mm High (claws down) 125mm (claws up).

**Material:** 10mm S275 Carbon Steel Galvanised 25 micron, 5 mm S235 Durbar Plate.

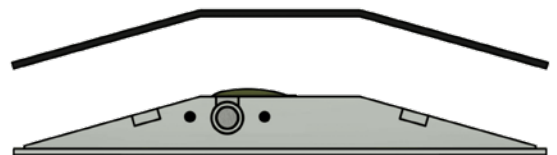

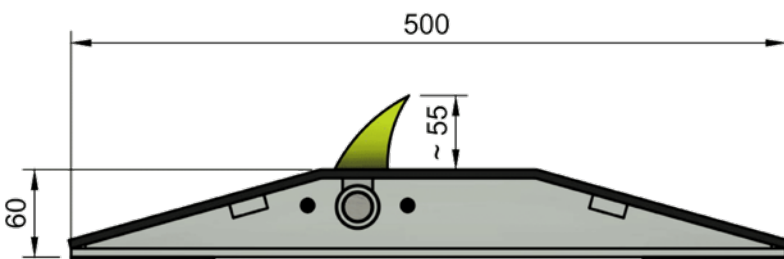

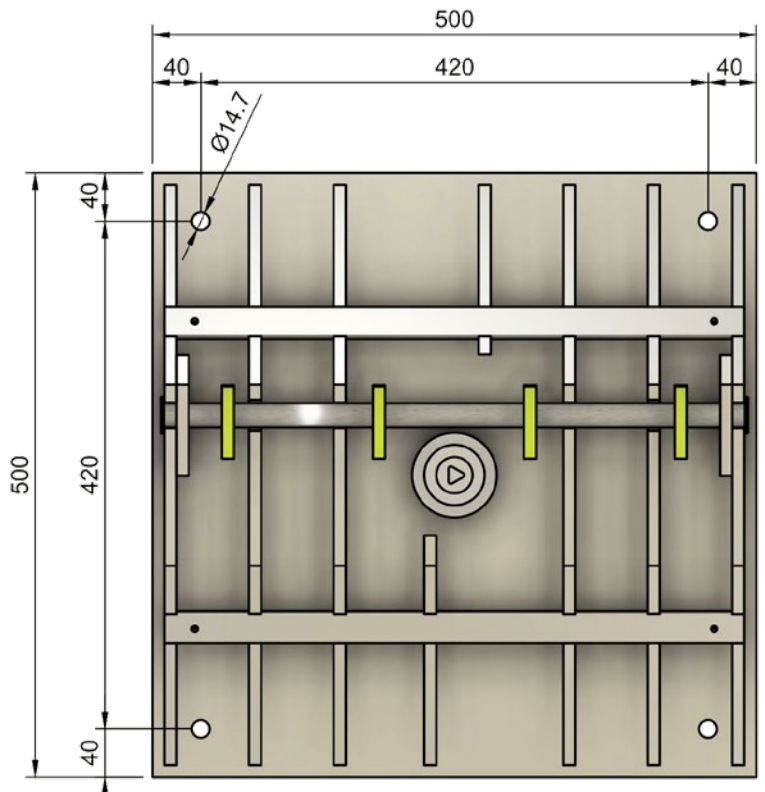

**Unit Weight:** 40kg.

**Design Rating:** 40 Metric Tonnes.

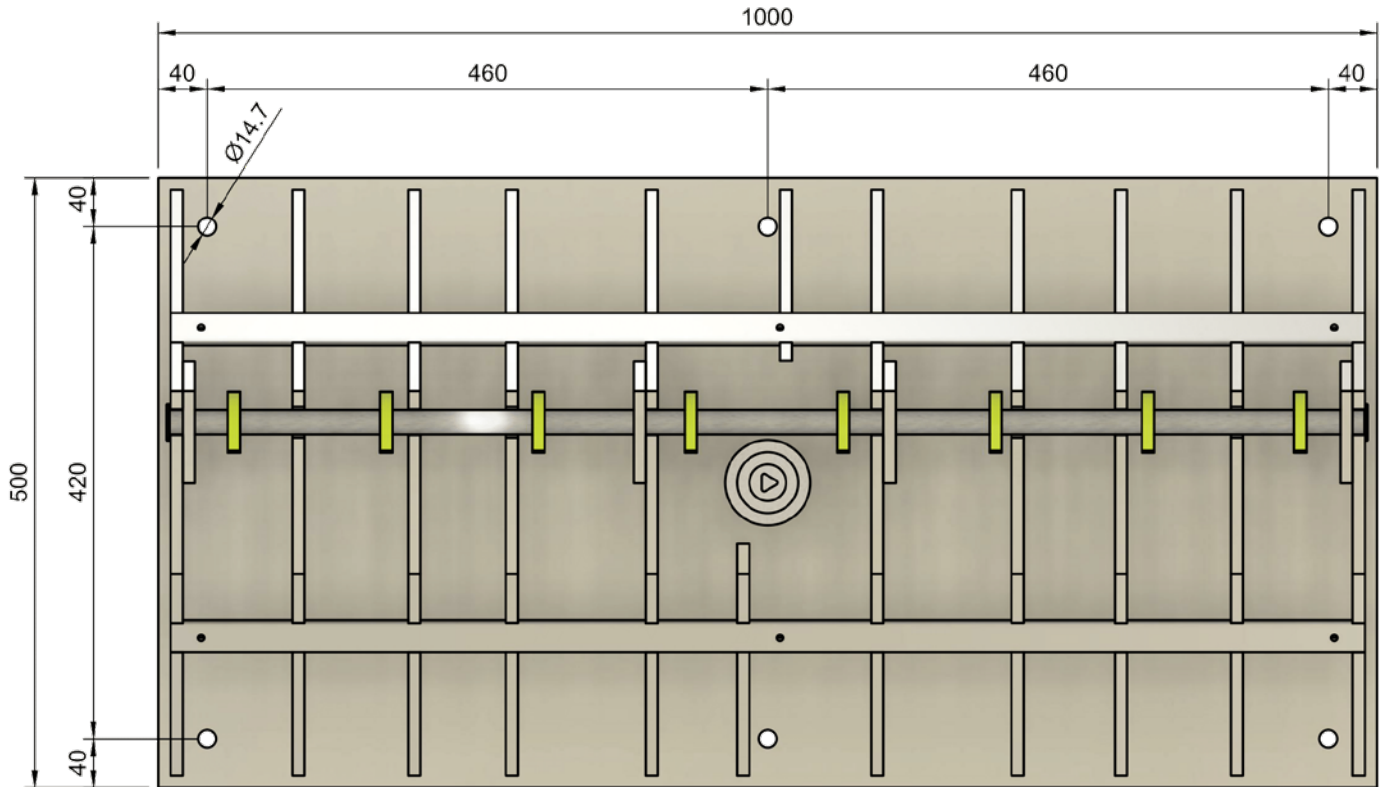

**Locking Mechanism:** Rotating Barrel with Male/Female Recessed Socket, 3 Positions.

**Finish:** Galvanised Base Module / Heavy Duty Black Polyurethane Painted Top Plate / Claws: High Vis Glocote Fluorescent Yellow Finish.

**Price:** £450.00 ex vat  
ex works UK
