Description : Digital PPE Matrix Board in English & (Regional Language)

TBT Board

Up to 6 ft. x 4 ft.

20 Activity

PPE + Kits

Talking board with TBT on activity, which PPE To use, why completely customised

The Digital PPE Matrix Board is an efficient and user-friendly device designed to accommodate up to 16 distinct activities and 20 types of Personal Protective Equipment (PPE).

?The board utilizes a straightforward logic system and is presented in a monochrome color scheme, utilizing vector images to ensure clear visibility under projected white light.

?It is specifically developed for interactive use during training sessions, Toolbox Talks (TBT), and engaging activities or games, particularly aimed at labor force interaction.

?The board is equipped with 16 buttons, each triggering a logical input matrix that illuminates the corresponding PPE or activity associated with the selected button.

?This functionality allows for clear and precise identification of the required PPE or activity.

?The board's design is versatile, allowing it to be adapted for multiple representations and applications.

?When configured for broader use, the board can be rebranded as an "Activity Board," enabling it to incorporate various intended actions or activities as per specific requirements.

?Completely Customized for language, logic and inputs and images.
