Headcount Display

Overview

WeTransform's newly developed web-based software is designed to display the total headcount in a company.

This system integrates seamlessly with the T&A (Time and Attendance) system to provide accurate and real-time data.
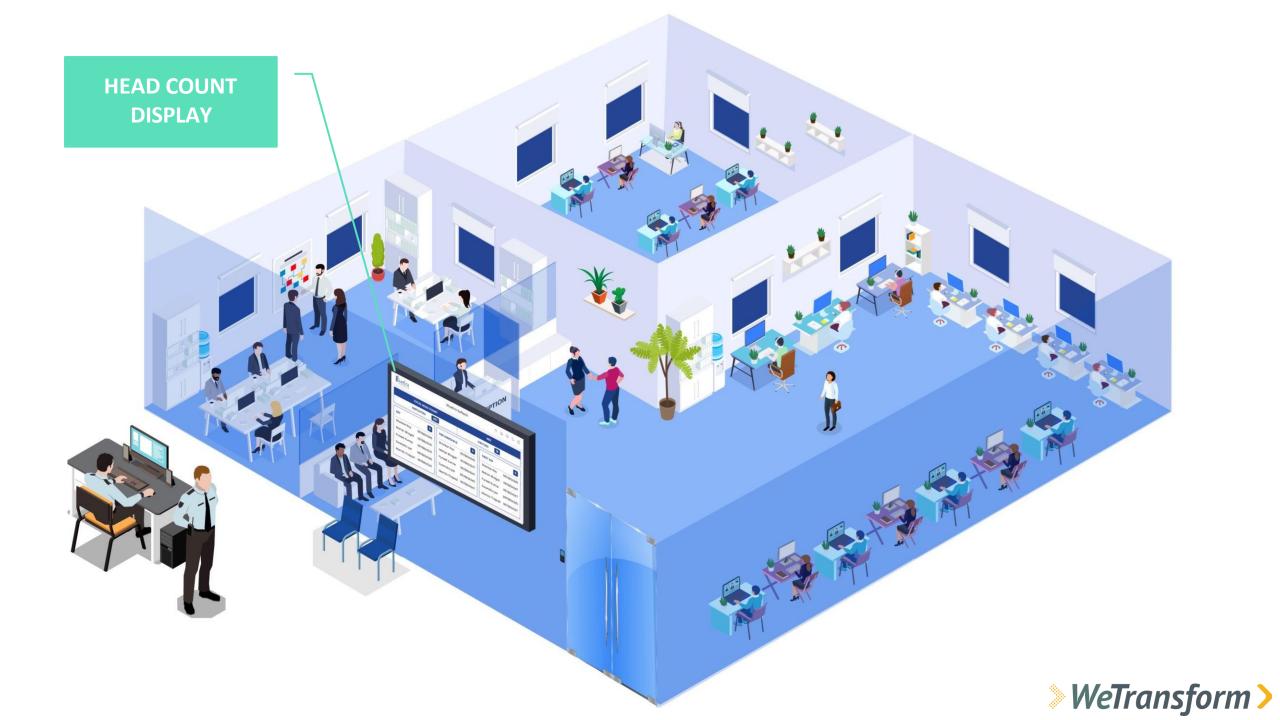

》WeTransform 》

Purpose

To streamline headcount tracking and ensure the availability of critical team details, enhancing HR efficiency, management decision-making, and emergency preparedness.

Accurate headcount tracking is crucial for workforce management, compliance, and safety. Our solution addresses these needs by offering detailed and up-to-date information.
