

HAND HELD METAL DETECTOR

High Sensitivity

MAGTECH® Hand Held Metal Detector (HHMD) is simple yet crafted to perfection that scans people-kind for metal objects being carried by them. It is to ensure to identify the un-authorized people carrying metals into or out from facility.

The HHMDs can be deployed for effective screening at places like Stadiums, Conference Halls, Auditoriums, Public events etc., The HHMDs have feature to choose 'Vibration mode & LED indication' that can be used in environment that are prone to noise like schools, hospitals.

NABL certified on Environmental tests viz. High & Low temperature tests, Damp heat test and 30+ Safety tests.

APPLICATION

Residential &
Commericals

Industries

Theme Park

Government
Buildings

SPECIFICATIONS

Model No	MTHHMD-002
Type	High sensitivity
Construction of Material	ABS
Dimension (in mm)	410 L X 85 W X 15 H
Alert mode	Light (LED), Sound (Buzzer) & Sense (Vibration)
Indicator visual	Red Light - Alarm Green Light - Power ON Amber Light - Low battery alert
Alarm Signal	Audible - Alarm with Red LED Silent - Vibrate with Red LED
Controls (3-way)	ON (vibrate/light) OFF ON (vibrate/light)
Power	Standard 9V Rechargeable Batteries
Working Frequency	95 KHz
Working Current	<50 mA
Application	Indoor/outdoor (under Canopy)
Enclosure Rating	IP 55
Working Temperature	-25°C to 55°C
Weight of the product	Less than 450 gms
Features	Exclusive 360° detection field, Low battery indication, Automatic tuning, without adjustment & Tri-color LED for easy indication.
Certifications	ISO, CE, FCC, NABL, CE, FDA, RoHS, QCI, NSIC, EN Standards.
