Certification:

EN 388:2016

Description

HPPE/Glass Liner with Nitrile Sandy Coating HS 361(LP) feature dense molded TPR protection zones on the knuckles, fingers, thumb, and back of the hand, offering superior cut resistance. The unique combination of orange, grey, and black provides a sleek, modern look, while the nitrile sandy coating on the palm ensures an enhanced grip for improved handling. Designed for durability and safety, these gloves provide excellent protection and comfort for various tasks in demanding environments. Ideal for work requiring both precision and strength.

Warranty: 1 year from the date of invoice against any manufacturing defects.
